

**Acorus Rural Property Services Ltd will be exhibiting at MUCK NORTH WEST.**

### **GETTING TO GRIPS WITH NVZs**

Farmers and contractors looking to get to grips with new Nitrate Vulnerable Zone regulations are being invited to Muck North West, which is being held on **Tuesday, March 17 at Reaseheath College, Nantwich, Cheshire.**

Sponsored by the Environment Agency and organised by Harvey Hughes Independent Rural Consultants, Muck North West offers a **free** event for all farmers, growers and contractors and will feature:

- Live machinery demonstrations including manure spreaders, slurry incorporation, injectors, umbilical systems, trailing shoe applications to growing wheat
- Slurry separators, pumps, presses and slurry storage including temporary and mobile storage solutions
- Alternative slurry and manure management systems including reedbeds and bio digesters
- Discussion forums covering the value of slurry, storage requirements, closed periods, applications rates, changing legislation, practical solutions
- Free slurry nutrient analysis - bring along your own manure sample
